Our organizations are committed to improving medication use, advancing patient care and enhancing public health. Through your leadership in the Florida legislature, we are confident that Floridians will gain greater access to the valuable care provided by their pharmacist.

Pharmacists everywhere are leaders of their community, and we appreciate you answering the call to serve your community further. We need more pharmacists involved in our political process advocating for enhancements in access to health care and advancements in the pharmacy profession.

Congratulations again on this tremendous achievement and we look forward to working with you in the great state of Florida.
