

**Candidate for the Office of APhA-ASP
National President-elect**

Victoria Lyle
University at Buffalo The State University of New York
vmlyle@gmail.com

GOAL STATEMENT

As APhA-ASP President-elect I will strive to increase member engagement by participating in student outreach visits and increasing the utilization of social media platforms such as Tik Tok and Instagram. I plan to use these platforms to share information about APhA-ASP events, meetings and deadlines in a fun, engaging way. I will empower other student pharmacists to use their voice to make significant changes in the profession of pharmacy by increasing awareness through online and in person interactions. I want to build stronger connections to chapter leaders through frequent correspondences via email, messenger or zoom. APhA-ASP gives student pharmacists the opportunity to use their voice to make meaningful and significant changes within the pharmacy profession. It inspires me that student pharmacists have the ability to make a difference within their community as well as make a difference in their profession nationally while in APhA-ASP.

LEADERSHIP EXPERIENCE

APhA-ASP Leadership Experience:

- Region 1 Member-at-large 2020-2021

Local Leadership Experience:

- Dean's Student Ambassador 2020-2021
- Class President 2020-2021

PHILOSOPHIES ABOUT APhA

The programs and activities that APhA and APhA-ASP offers empowers student pharmacist to advocate for the profession and gives student pharmacists the opportunity to make changes within the pharmacy profession. APhA-ASP operations allow student pharmacists to make a difference in their communities and increase awareness through patient care projects, community outreach, career programs and international outreach. The programs and activities that APhA-ASP offers give student pharmacists the ability to make an impact in their community and impact the profession nationally.

SPECIALIZED SKILLS & TALENTS

My previous leadership experiences have allowed me to improve my presentation, management, organization, communication and collaboration skills. I believe that these are qualities that a successful leader should embody. I have learned that ethical consequences need to be considered when decisions need to be made. I am self aware and I prioritize self development when I obtain a leadership position. My previous positions have allowed me to learn from my mistakes, continue to grow as a leader and strive to continue to better myself as a professional and individual.
