**How do you plan to address the needs
of your community through your role as
the Operation Immunization chair?**

Addressing your Community's Needs

Questions to ask yourselves:

- What populations can most benefit from your work in relation to the project?
- What partnership opportunities exist on campus or in your community for hosting events?
- What other organizations that you can collaborate with for hosting events?
- How can I utilize my project committee to best meet the needs of the Operation, my chapter, and my community?

How do you plan to engage members in events at your chapter?

Engaging Members

Questions to Ask Yourself:

- How do you get members excited to participate?
- How do you meet the needs of members in relation to the project?
- How do you engage members in project specific months?

Presidential Theme: Courage to Change

Courage to Change Yourself, Your Community, and Pharmacy.

1

Be willing to change the status quo to make events better and more catered toward your **MEMBERS'** needs

2

Have a good pulse on what the community needs from its student pharmacists

3

Strive for innovation and creativity

4

Challenge events and their relevance

- What value do these events provide to members?
- Advocate for making the most of the time you are given
