Chapter Achievement Awards

The APhA Academy of Student Pharmacists (APhA-ASP) Chapter Achievement Awards (CAA) Program was established in 1974 to recognize outstanding activities of APhA-ASP Chapters at the schools and colleges of pharmacy in the United States and Puerto Rico. The program is an extension of APhA-ASP’s mission to provide opportunities for professional growth and improve patient care while advancing the future of pharmacy. The awards structure is designed to recognize superior programming among chapters that envision the future of pharmacy by creating opportunities for student participation. The awards program also embraces the core values of APhA-ASP’s mission to create new standards of leadership, professionalism, membership, patient care, and legislative advocacy among student pharmacists nationwide.

In addition to recognizing outstanding chapter accomplishments, the CAA Program serves as an invaluable source of information for APhA-ASP. Through the reports, APhA Staff and the APhA-ASP National Executive Committee are kept abreast of chapter activities.

Annual submission of an APhA-ASP Chapter Achievement Report (CAR) is required for all APhA-ASP Chapters to maintain their charter. Submission of the CAR offers tremendous learning opportunities for members and the opportunity for chapters and individuals to be showcased during the APhA-ASP Awards Ceremony at the APhA Annual Meeting & Exposition.

Chapters compete for one of 18 awards that actively promote the mission of APhA-ASP. Evaluation of chapter activities is based upon criteria such as originality of programs, number of chapter members involved, impact on the community, benefit to student pharmacists, and collaboration with other healthcare organizations. Chapters are also evaluated on their year-to-year progress, particularly in relation to chapter activities and membership retention.

APhA-ASP Patient Care Project Awards

Separate awards are given for each of the five nationally recognized APhA-ASP Patient Care Projects: Generation Rx, Operation Diabetes, Operation Heart, Operation Immunization, and OTC Medicine Safety. Eight regional award-winning chapters and three national award-winning chapters will be recognized for each of the respective projects.

Chapter activities and outcomes from the APhA-ASP Women’s Health Campaign will also be collected via the CAR form. Up to five APhA-ASP Chapters will be selected to present posters on their campaign during the APhA Annual Meeting & Exposition.
In order to provide a baseline for evaluating chapter activities, certain minimum requirements have been established for the CAA Program. Every APhA-ASP Chapter is required to submit a CAR. All statistics, essays, and links to videos will be submitted via the APhA-ASP CAR form. Photos and supplemental materials will be submitted via a Dropbox folder; invitations to the folder will be sent to chapter advisors and leaders by APhA Staff.

**CAR Requirements:**
All APhA-ASP Chapters must submit the following required sections of the CAR:

1. Chapter Achievement Report Form

Divisions AAA (0 to 330 students), AA (331 to 550 students) and A (greater than 551 students) are determined each fall based on the full-time enrollment of PharmD (Doctor of Pharmacy degrees awarded as the first professional degree) student pharmacists. The divisions are reassessed on an annual basis by the APhA-ASP National Executive Committee and APhA Staff, and are subject to change from year to year. A list of the chapters and divisions can be found in Appendix E on the APhA-ASP Web site.

AWARDS SELECTION AND PRESENTATION PROCESS

During the APhA-ASP National Executive Committee January Business Meeting, the Committee appoints four APhA-ASP members to serve as members of the APhA-ASP Awards Standing Committee. Applications for Standing Committee positions are due annually on December 1, and students are notified of their appointment to the APhA-ASP Awards Standing Committee by mid-January. In addition to the four appointed students, the APhA-ASP National President-elect serves as the APhA-ASP National Executive Committee liaison to the committee.

All five members of the APhA-ASP Awards Standing Committee are sent copies of the reports in July and independently review and score the CAR form submitted by participating chapters. The Committee then collectively meets in Washington, DC (in mid- to late-November) to discuss and select the award recipients based upon ranking summaries and submitted reports. The Committee may request additional information or clarification from the submitting chapter at any time.

The APhA-ASP Awards Standing Committee and the APhA-ASP National Executive Committee may implement any new or remove any existing awards as they see necessary to recognize innovative and deserving chapters. Award honorariums, certificates, and plaques will be determined by the APhA-ASP Awards Standing Committee, APhA-ASP National Executive Committee, and APhA Student Development Staff.

The decisions of the APhA-ASP Awards Standing Committee are final.
