APhA-ASP Leadership Training Series

What is the Leadership Training Series (LTS)?

Developed in 2007 exclusively for APhA-ASP members who want to develop their leadership potential, the APhA-ASP LTS is a four part series that will be offered over four years of student pharmacist's education. Upon completion of the series, participants will receive an APhA-ASP LTS Recognition of Participation, signed by the APhA Executive Vice President and the APhA-ASP National President. This is an excellent CV or resume builder.

How do I earn my LTS Recognition of Participation?

You can earn your APhA-ASP LTS Recognition of Participation by attending LTS sessions during the following APhA Meetings: APhA Summer Leadership Institute (APhA SLI), APhA-ASP Midyear Regional Meetings (MRMs) and the APhA Annual Meeting & Exposition. After each session you will receive information and a website link to claim your credit. You will earn one LTS credit used to obtain the recognition of participation for each session you attend. Once you have attended four meetings based on the combinations below, you will receive your APhA-ASP LTS Recognition of Participation. It's that easy!

You can use any of the following meeting combinations to earn your LTS Recognition of Participation:

1. Four MRMs Sessions (1 per year covering a different topic);
2. One SLI and three MRM's;
3. One SLI, two MRMs and one APhA Annual Meeting & Exposition Session (APhA Student Leadership Development Workshop held at the Annual Meeting);
4. One SLI, one MRM, two APhA Annual Meeting & Expositions (APhA Student Leadership Development Workshop over 2 years); or
5. Two MRMs, two APhA Annual Meetings & Expositions.

Unfortunately, event attendance prior to the 2007 APhA SLI does not meet eligibility requirements.

What else do I need to know?

You can earn a maximum of three LTS credits per year and only earn one credit per topic. For more information or questions about the LTS, contact the APhA Student Development staff at apha-asp@aphanet.org.
